COMMUNITY !**

Probeersel.com is a friendly new online community of promising creators who want to share their art with the world for free. Probeersel is a non-profit organisation so we can't offer any pay to our artists, but they *do* have full control over their own work at all times. We arrange the hosting and the promotion costs. We do reserve the right to decide which artists are promising and which are not, but all copyright and control remains with the artists themselves.

We have lots of fun comics and downloads already, and people visiting the site can win a free t-shirt !

Probeersel is intended to be a friendly stepping-stone for new artists. Currently we're especially looking for artists who intend to do daily or weekly comics.
