So, what do you get when you throw two strange, single friends and a psychotic cat together in one house ?
No, this is not the slogan for Big Brother XXVII. It's not a riddle like the scary drunk guy at the bar tells you on Friday night, either.
What do you get ? Simple. You get a year's worth of comic strip material.

René van Densen, his roommate Agazyr, and cat Satan all exist in real life. And they really do live together. And most of the things Satan puts his two owners through on a weekly basis, is based on fact, as most of their friends can verify for you.
This weekly comic premiered on February 10th, 2002, simultaneously with a large redesign of the Probeersel.com site. It soon received quite a positive response from the audience, and became one of this site's main attractions.

As the title suggests, there is only one year's worth of strips. René van Densen preferred not to continue the concept endlessly just for success' sake, as happens all too often with good ideas these days.
What more is there to tell about it ? Just go to the beginning and read all about the crazy cat's antics for yourself. And maybe, every now and then, feel sorry for anyone who owns a cat like that...

DEAR DIARY,
WEEK 8
THE ONE THING PEOPLE KEEP NOTICING ABOUT OUR CAT SATAN, IS HIS HUGE TAIL. IT'S SERIOUSLY BIG. NOT THAT HE HIMSELF IS A SMALL CAT, BUT I BEST NOT MENTION THAT AGAIN.
I'VE STARTED TO NOTICE THAT WHENEVER I MENTION HIS WEIGHT, HE GIVES ME A RIGHT-OUT EVIL LOOK. THAT, AND HIS USUAL ANTICS, MAKE HIM QUITE A SCARY LIL' CAT TO
NOW, THE
NOTICE HIS TAIL
SAY IT'S REALLY BEAUTIFUL
BUT WHAT THEY DON'T REALISE IS THAT, AFTER A WHILE, IT BECOMES LIKE AN OMEN.
ESPECIALLY SINCE HES ALREADY PRETTY SCARY BY HIMSELF!
HE HAS A WAY OF WALKING AROUND WITH HIS TAIL UP. OUR DOORS HAVE LOW WI
DOWS, SO YOU CAN AL
HIM COMING..
SOMEHOW I NEVER IMAGINED THE 'SIGN OF THE BEAST' WOULD LOOK LIKE THIS.
IT'S STILL SCARY, THOUGH.

I know a little hellcat, who's psycho as can be.
Oh, sure, he acts all innocent, but he's not fooling me.
Punishing him is dangerous, and we doth dare not shout...
But sometimes he's been really bad, and we gladly lock him out.
